

Keeping families close™

21/12/2021

To our friends at Australian Botanical Soap,

I am writing to thank you for your recent donation of beautiful soap to go into the welcome packs recently donated by Australian Made for the families staying at Ronald McDonald House North Fitzroy. We are very grateful to you for selecting RMHC VIC & TAS to be the recipient of this kind donation and for your support of families with seriously ill children.

As you may know, Ronald McDonald House Charities Victoria & Tasmania provides a home-away-from-home for families with a child being treated for a serious illness or injury at one of the country's leading pediatric hospitals. Every night, we are able to offer up to 102 families somewhere warm, welcoming and comforting to stay close to their sick child.

RMHC VIC & TAS knows that families are stronger when they're together. Children need familiar faces around them when they are unwell: siblings, parents and grandparents. We are able to help families maintain as much normality as possible and allow them to escape the clinical world of medicine. We bring a sense of comfort to their new routine and give families the time and space they need to relax and recharge so that the health of their child can be their main priority.

We couldn't provide our facilities and programs without the support of extraordinary people and companies like yourselves. Thank you.

A handwritten signature in black ink, appearing to read 'Pippa', with a horizontal line underneath.
